

Macquarie ADHD

Parent Support Group Inc.

Supporting parents and carers of children and teens with ADHD, learning difficulties and co-existing conditions

Presenter Simon da Roza, ADHD Coach at xceptionalleaders

Topic: Building successful school relationships

Date & Time: Tuesday 18 January 2022 In person 7pm – 9pm (6.45pm arrival)
Thursday 27 January 2022 Via zoom 7.30pm – 9pm

Following Simon da Roza's success hosting webinars for the Macquarie ADHD Parent Support Group in 2021, Simon will present two webinars in January 2022, before school return! Successfully advocating for your child's additional needs is dependent upon building a solid relationship with school. This isn't always easy, nor sadly, possible. Simon's presentation will address:

- Aligning a school's obligations and your child's needs
- Going into your child's world and going into your teacher's world
- What are reasonable adjustments and expectations?
- Funding, support and navigating suspensions, detentions and exclusions

These presentations are targeted towards both parents and teachers; and in particular parents who are a few years into their ADHD journey and frustrated with getting the right support for their child. Participants are encouraged to email their questions (info@macquarieadhd.org.au) prior to the workshop so that they may be addressed during the session.

Simon works with neurodiverse children, adolescents and families to help them shine. His light hearted pragmatic approach to helping ADHDers thrive rather than survive, provides hope with a cheeky grin. With over 33 years teaching experience in diverse settings across NSW he has acquired extensive experience and knowledge which he shares to empower those in schools who support neuro divergent students and dispel the myths and stigma around ADHD and the mental health of all young Australians.
